

## HUNT Cloud kista transfer form

The aim of this form is to document data transfers inside HUNT Cloud initiated from the following Lab:

LAB NAME:

LAB LEADER:

As a Lab leader / Lab coordinator, I hereby request the following Kista for data transfers from our Lab:

KISTA SIZE:

Specify the kista size in gigabytes (1,000 GB = 1 TB).

UPLOADER USER:

Specify the username of your lab user that will upload the data.

DOWNLOADER LAB:

Specify the lab that will download the data.

DOWNLOADER USER:

Specify the username of the lab user from the receiving lab that will download the data.

**TRANSFER APPROVALS.** I hereby confirm that our lab hold the necessary approvals for this transfer and that I am authorized to request this transfer on behalf of my host institution.

**TRANSFER DELETION.** I am aware that the Kista will automatically be **destroyed after 30 days** from deployment and that all data inside the Kista at this point will be lost without further notice.

**TRANSFER LOGS.** I am aware that the this request and the amount of data transfered in the Kista is logged, and that this information may be subject to audits from my data controller and other data authorities.

PLACE/DATE:

LAB LEADER /  
LAB COORDINATOR:

Send a signed copy of this form to [cloud@hunt.ntnu.no](mailto:cloud@hunt.ntnu.no) and read more on [our kista services](#) to get started.
